Project management.

As the main contractor, we bring valuable project management expertise to the table. We oversee scheduling, resource allocation, and quality control to ensure that the project is completed within the specified timeframe, budget, and to the client's satisfaction.

Risk management

Being the main contractor involves assuming responsibility for managing and mitigating project risks. We identify potential challenges, develop contingency plans, and implement safety measures to ensure a sale working environment for all involved

Quality assurance.

As the main contractor, we are accountable for the overall quality of the project. We implement quality assurance processes, conduct inspections, and ensure that the work of subcontractors and suppliers meets industry standards and the client's expectations.

Groundworks projects.

Aylesford Village.

Demolition of an existing building and the construction of a basement and two storey concrete frame for a new dwelling house. Works included the construction of a piling mat, installation of sheet piles and a reduced level dig to form the basement box. All steel fixing, shuttering and concrete work were carried out by our in-house operatives. Works were completed within a 16-week programme.

The project encompassed extensive groundwork, drainage, and utility infrastructure development for a 'last mile' distribution hub in South London. This included site preparation, installation of advanced drainage systems, and the integration of essential utilities to support the operational efficiency of the hub.

Why Invest in WS Blue Whale Growth Fund?

The WS Blue Whale Growth Fund is a concentrated, long-only global equity fund holding 25-35 stocks, with a focus on large cap companies in developed markets. The Fund is authorised as a UK UCITS by the Financial Conduct Authority. Since its launch in September 2017, the Fund has returned over 140% to date (I Class Acc shares for period 11/09/2017 to 26/03/2024). Please note that past performance is not a guide to future performance.

Investment Objective

The Investment Objective of the Fund is to achieve capital growth over any five year period, after all costs and charges have been taken.

Investment Strategy

In selecting investments for the portfolio, the Investment Manager will identify companies which, based on its analysis, meet the following criteria:

- · have the ability to grow and improve profitability over the long term;
- · have a current valuation that is attractive relative to their future growth and profitability.

The Investment Manager will select companies from a broad range of geographies and sectors with no particular sector or style bias.
